

## GOD | GOD's will?

### Question:

There are a lot of people that say the following to all kinds of situations: "This is GOD'S WILL; one just has to put up with it." How can one assess such an attitude?

### AREDOS:

This is a **particularly gigantic aberration!** – If one has to mention "GOD'S WILL" one can be assured that GOD has no other WILL than to achieve goodness and progressiveness. GOD will never give HIS accordance to a drawback. Everything is regulated through the laws of nature.

- *Man has been given enough freedom and he must therefore govern **his own situation**.*

*It is man's duty to strive for goodness and progress and to put it into practice. Man must monitor everything that happens here on Earth and he must engage all of his energies and intelligence to ensure his dominion here on Earth and to make sure that he can deal with all possible situations. This assignment is enormously multilateral and colossal.*

When man conquers all sickness and extends his life expectancy, when he utilises nature in order to manage his assignments, *it is* in a sense GOD'S WILL and correspondingly man's own WILL. – However, if man *promotes* negativity and neglects goodness, it is in the name of his own will and **never** according to GOD'S WILL!

From the protocol [\[Our lessons for you\]](#) – page 9

### Question:

We often heard from you that man has a *free will*. But on the other hand, we hear: GOD'S WILL be done. How can man have his *free will* under these circumstances?

### SETHAN:

Your free will is GOD'S WILL and therefore you must look at this as an alliance and not as separate entities.

- *GOD'S WILL is the free will he has given you. It's a GIFT from GOD, allowing you the freedom of choice and therewith a large number of possible choices. You all carry the WILL of GOD within you.*

... Free will is a *part* of GOD and consequently GOD'S WILL, will be done, because HE has handed this part of HIM to you. ...

From the protocol [\[Mental blockages\]](#) – page 37

*GOD endowed man with free will, with the gift of self-determination. What this means is that this free*

*will should only be exercised in such a way that it doesn't jeopardize the free will of other people! If man uses his free will to act according to GOD'S LAWS, he has his freedom and thereby also his peace.*

GOD'S LAW does not only concern man's behaviourism according to GOD'S wishes, HIS LAWS are more than terrestrial laws; they are a part of the laws of nature.

From the protocol [\[ No utopia\]](#) - page 9

---

*The HEAVENLY LAW is universal. It has general and immutable validity. These COMMANDMENTS are of importance to all races and all people. Those that trespass against them must bear the consequences.*

From the protocol [\[ No utopia\]](#) - page 31

The TRUTH is as follows:

There is a CREATOR who, based on the POWER of HIS unusual EXISTENCE, created billions of LAWS and, in their divine APPLICATION, they created the universe.

From the protocol [\[ Not from this Earth - Part 4\]](#) - page 43

---

*GOD, THE ALMIGHTY CREATOR FOR ETERNITY - AMEN - HAS HIS OWN POWER, IN UNLIMITED AMOUNTS, TO SEND IMPULSES INTO THE UNIVERSE WITH THE HELP OF HIS SPIRIT AND MIND. EVERY IMPULSE IS CHARGED WITH GOD'S INTUITIVE ENTELEGY. EVERY IMPULSE ALSO POSSESSES THE CHARACTERISTICS OF BEING ABLE TO REMEMBER ITS ASSIGNMENT, ONE THAT STRIVES FOR A CERTAIN RESULT, SOMETHING THE IMPULSE KNOWS NOTHING ABOUT. IT CAN THEREFORE HAPPEN THAT SUCH AN IMPULSE CAN REMEMBER THAT IT IS SUPPOSED TO DIVIDE - AND IT DOES IT UNCONSCIOUSLY AND COMPULSORILY, BASED ON THE INTUITIVE ENTELEGY. THERE ARE NOW TWO IMPULSES AND BOTH OF THEM REMEMBER THE SEPARATION AND IT WILL NOW TAKE PLACE.*

*GOD, WITH HIS SUGGESTIVE POWERS, COMPELS THESE IMPULSES TO GROUP. THEY ABIDE BY THEIR ASSIGNMENT IMMEDIATELY AND CONSCIOUSLY, THEREFORE INTUITIVELY. BUT WHATEVER TAKES PLACE REMAINS AS AN INTUITIVE MEMORY. THESE IMPULSES CONTINUE TO CONFORM. THESE IMPULSES TURN INTO SYSTEMS, GROUPS OF VIBRATIONS, COSMIC UNITS, CUMULATIVE UNITS AND SO ON, UNTIL THEY COMPRESS TO SUCH A DEGREE THAT THEY BECOME PHYSICAL.*

We already dealt with this theme about 10 years ago (1956). Due to the fact that the terminology "INFORMATION" was not applied then and any thought in regards to this fact existed, we described this process as "INTUITIVE ENTELEGY" - this description is even more appropriate.

From the protocol [\[Politics, for whom?\]](#) - page 68

The sciences have comprehended long ago that all life follows along the lines of INFORMATION. But *nobody* mentioned the INFORMER up to now, but we deal with the CONSCIOUSNESS of nature here. GOD is in charge of this nature, ...

From the protocol [[The SANTINER](#)] - page 20

---

- *GOD is a CONSCIOUSNESS that makes an appearance wherever thought processes are required that nature cannot produce of its own accord, even if it's only on a cellular level. The INFORMATION within a cell is based on a THOUGHT PROCESS of the CREATOR.*

From the protocol [[Too hot to handle \(a hot potato\)](#)] - page 16

---

All molecules throughout the universe, all organic cells, all atoms and ethereal vibrations and all magnetic energies *spring from* GOD'S will and are *inoculated* through HIS WILL. All of these CREATIONS - and the human soul is part of it - are open to HIS influence. ...

From the protocol [[Not from this Earth - Part 2](#)] - page 55

---

... There is no meaningful ORDER without COMMAND.

- A COMMAND is not a law of nature, because a COMMAND *is more* than a law of nature as it originates from WILL. WILL therefore reigns *above* the law of nature!

From the protocol [[Science, technology and the arts](#)] - page 47

---

- *The ORDERS of the SPIRIT, **that are compelling**, (Therein lays GOD'S POWERS) surpass everything that exists within the universe.*

From the protocol [[A call from the cosmos](#)] - page 37

GOD our LORD created HIS LAWS - and according to these, everything come into being, the whole immense CREATION. But these LAWS are GOD'S LAWS. They might be at the disposal of man, but they are no human laws.

- *All the LAWS of the cosmos and the universe are combined within one single human being, eternity as well as conversion, LOVE as well as propagation, higher development and decline.*

From the protocol [[Invisible truth](#)] - page 9

---

The spirit of man makes use of divine LAWS, to which matter is also *subordinated* through divine LAWS. Therefore, the human body reacts to commands that come from the whole cosmos - and you simply call it "*vegetative behaviour*", even though it would have to be called "*intuitive behaviour*". But all movements of the body, which originate from an individual, respectively an allocated cosmos, which you call your "*consciousness*", you denote as "*conscious activity*".

GOD *doesn't know* of such a conscious activity, as HE *hasn't got* an organic body and therefore *cannot become active* in this manner. But GOD uses *other possibilities*. HE stimulates every atom and every spiritual VIBRATION through *HIS* will.

Accordingly, GOD is a spiritual TRANSMITTER, who sends his WAVES throughout the universe and *initiates* reactions through innumerable FREQUENCIES or *keeps them under control*. At the very moment this CENTRAL cosmic TRANSMITTER of coercive INTELLIGENCE would stop its function, the whole universe would have to become utter chaos and would collapse within itself and disintegrate, as the GREAT LAW, the GLUE that binds it all, would be missing. ...

---

Every molecule, every atom and every x-particle is alive, *as it's spiritually receptive*, if one uses the *correct* spiritual language. This way, every atom and x-particle reacts *intuitively*. There are therefore no miracles, but only a natural reaction of the x-particles, atoms and molecules, if they are appropriately and positively "animated".

The LAW inherent within these particles *is binding*, as long as the supply for these particles comes from the whole cosmos, from divine WILL. But if another force *opposes* this supply, the behaviour of the particle changes, it reacts more or less to the new spiritual transmission.

These laws, they do not have their origin in the human consciousness, are the result of divine LOVE and WISDOM, perfect, infallible and never wrong, nor subject to any mistakes. ...

---

We maintain that the universe is governed by completely natural LAWS and that the INTELLIGENCE behind these LAWS is *perfect*. ...

From the protocol [\[The CREATOR\]](#) - page 32

- 
- *LOVE represents the highest LAW throughout the universe!*

When *unwritten* LAWS are trespassed against, the repercussions are enormous. He, who infringes on the eminent LAW of LOVE in any way, cannot avoid the grave ensuing repercussions in any way either; they act like a very potent poison. - LOVE, on the other hand, is the most powerful force in the universe; it is *highly creative, perennial and consistent*, because it established the whole universe with its spiritual ENERGY.

Divine LOVE also plays an important role in the *polarity* between good and evil that has unfortunately been established. It can turn *negative without* actually losing any of its ENERGY. If this is the case it will turn into hatred and this hatred prefers destruction to construction. You know very little about the mysterious LAW of LOVE even though it is GOD'S greatest CHARACTERISTICS.

---

... The LAW of LOVE must be fulfilled, otherwise there is no way out, otherwise there are no opportunities for peace and no opportunities for advancement.

From the protocol [\[Our lessons for you\]](#) - page 46

Mankind on Earth *is not without* GOD'S LAWS, but it *does not live* according to these LAWS, they ignore them as if they had nothing to do with them.

- *One does not believe in these LAWS, because one does not believe in the existence of the LAW GIVER!*

From the protocol [\[Your Earth\]](#) - page 36

---

The volition of man *is not always* the volition of GOD and the power of man *is far from being* the power of GOD. ...

From the protocol [\[Before the landing\]](#) - page 27

The people on Earth assiduously pursue research into the laws of nature; because they should be properly recognised and applied. This knowledge makes mankind powerful. In as far as these laws of nature, which are GOD'S LAWS, are utilised to do good and thereby help progress, they not only serve man, but also GOD'S PLANS in regards to CREATION! However, if these DIVINE LAWS are used to do evil and to destroy, they also no longer serve GOD'S CREATIVE PLAN. They then act on behalf of the anti-spirit.

- The effect *is not just* restricted to this planet or to your life on Earth. Its major effect is a COSMIC PROCESS, one that eludes your eye and your scientific instruments. You are unfortunately completely ignorant about this effect and even the most eminent researchers and pundits amongst you *are as ignorant as children* when it comes to these powerful, occult effects.

What do you know about the laws of nature? - You are only familiar with a tiny fraction, but ...

From the protocol [\[Our lessons for you\]](#) - page 34 - 35

---

- *He who acts against the laws of nature will face the potency of the consequences.*

From the protocol [\[ No utopia\]](#) - page 9

---

There is a divine LAW that says that every cause results in an effect. Laws *written by people* can be rescinded. *Only* GOD alone can rescind divine LAWS, but they are so wise and anchored that there are no reasons to abrogate them. The human thought process alone constitutes a cause and out of this ensues a *visible* effect. When there is no peace and only wars reign on Earth, you'll find that the human thought processes in that direction are the actual cause.

GOD thinks differently - and HIS THOUGHTS also have a *visible* effect. If this wasn't so, life on Earth would have ceased to exist a long time ago.

From the protocol [\[ Not from this Earth - Part 2\]](#) - page 54

HIS LAWS are consummate and wise, ensuring that the whole process of the spiritual realm and the

material world is accomplished meaningfully, unless man maliciously works against it.

- *Every offence punishes itself. Every good deed rewards itself. Only the date cannot be predetermined.*

From the protocol [\[Eternal truth\]](#) - page 9

- *The perfect divine LAWS will present **every** human being **with exactly the things** he or she needs for their respective development. -*

... Regard every human being from the vantage point of these aspects, namely that the divine POWER is also present *within all of them* and that every human being experiences exactly *the right situations* in regards to *their* level of development. ...

From the protocol [\[Jesus Christ \(MAK\)\]](#) - page 57

- *Everything happened and happens according to GOD'S LAWS.*

Even evil *cannot override* these LAWS. It must also abide by these laws. However, these LAWS are arranged in such a way that evil can never endure for long ...
